CESSNA STADIUM INFO / RECORDS

Wichita State University dedicated its track and field facility, the 30,000-seat Cessna Stadium, April 11, 2002, marking the end of the seven-month, \$1.3 million construction that included adding an eighth lane and resurfacing the track, reconfiguring the infield event layout, and building separate locker rooms for the Shocker men's and women's track and field teams.

The most noticeable amenity was the addition of an eighth lane, and a new, thicker polyurethane surface. The new track also has a wider radius, which allowed for additional space inside the track for field events. The combination of the new thicker, more durable surface, and the slightly wider turns, make a noticeably faster track for runners.

In addition, reconfiguration of the high-jump, long jump, triple jump and pole vault areas allows for flexibility in managing track and field events.

The renovation of the Cessna Stadium track was made possible by a gift from E. W. "Pete" and Mickey Armstrong, while the locker room and team room renovation was assisted by a gift from the Cessna Foundation. In addition, Christine Polk gave a gift in honor of her late husband, Jack G. Paulsen, a former track and field athlete at WSU.

Cessna Stadium

- **30,000-seat Track and Field Facility** •
(Largest track & field-only facility in the United States)

Eight-lane Track

- A new polyurethane surface (installed summer 2010) is now thicker and more durable, which creates a faster track.
- The track now has a wider radius, thus providing slightly wider turns and a faster track for runners, and additional space inside the track for field events.
- There are also options now available where running events can be moved to accommodate athletes in regard to wind direction with conduits built in to assist moving the timing system around the track.

Field Event Locations

- High jump area has been doubled.
- Two permanent pole vaulting runs were rebuilt with three pads, creating the ability to run two pole vault events simultaneously.
- Long jump and triple jump runs on west side of track can be run simultaneously.

Throwing Areas

- New javelin, hammer and discus areas were created in the fall of 2000 on the southwest side of the stadium.

Locker Rooms

- Two locker rooms were created in space under the west grandstands to house the men's and women's teams separately. The renovation created a team room for student-athletes.

THE MISSOURI VALLEY CONFERENCE

From early beginnings to its current standing on the map of college athletics, the Missouri Valley Conference continues to be proactive as The Valley enters its 105th year in 2011-12. The nation's second-oldest NCAA Division I conference is a leader in college athletics and is one of the nation's most progressive conferences.

The Missouri Valley Conference enters a new decade facing a rapidly changing environment in NCAA Division I athletics as conference expansion and realignment swept the nation in the summer of 2010. Although The Valley was untouched, the league will remain vigilant in monitoring changes or potential changes in other conferences that might impact membership, or present opportunities for expansion.

The Valley brand remains very strong, both regionally and nationally, and the great athletic tradition of The Valley remains a compelling force in recruiting student-athletes and in marketing all the MVC programs.

While the success of men's basketball has received the greatest attention, the overall performance of league teams in virtually every sport continues to raise the national profile of the conference.

Meanwhile, the success of The Valley television package is one of the great stories in the league. The MVC Television Network has blossomed into a revenue-generating vehicle and The Valley's most visible marketing tool. Also, The Valley is making video-streaming a major focus as it enters the third year of a three-year plan to upgrade the production and marketing of both institutionally-produced and conference-produced webcasts.

State Farm Insurance has been a crucial partner, as The Valley came to terms on an agreement in 2003-04 that provided State Farm with the title sponsorship of 17 of the league's 18 championships (the baseball title sponsorship was added in 2008, giving State Farm exclusive championship naming rights for all 18 MVC sports.) In 2010, The Valley took a major step toward ensuring current revenues in television media and tournament sponsorship sales would be guaranteed in future years when it announced a 10-year partnership with Learfield Sports. The Jefferson City, Missouri-based company now has the exclusive sales and marketing rights to MVC assets that include championships and television advertising.

During the tenure of Doug Elgin, The Valley's ninth and longest-tenured commissioner, The Valley has been aggressive in hosting NCAA events in St. Louis. Since 1998, the MVC served as host for a staggering nine NCAA tournament events in the 13-year period, which has made St. Louis one of the most frequent stops on the NCAA Tournament trail. The Valley hosted Women's Final Fours in 2001 and 2009, and the Men's Final Four in 2005.

The seeds for the creation of the conference were planted by eight administrators representing five institutions, who met at the Midland Hotel in Kansas City, Mo., on Jan. 12, 1907. The five schools which formed the Missouri Valley Intercollegiate Athletic Association were Washington University of St. Louis, and the state universities of Iowa, Kansas, Missouri and Nebraska. Two months after the initial

meeting, two more schools -- Drake University and Iowa State College -- were admitted.

In the fall of 1907, basketball became the first competitive sport. Today, the Missouri Valley Conference sponsors the following sports: baseball, men's and women's basketball, men's and women's cross country and track & field (indoor and outdoor), men's and women's golf, men's and women's soccer, softball, women's swimming and diving, men's and women's tennis, and women's volleyball.

While The Valley no longer sponsors football (it did from 1907-85), six league members compete in football at the FCS (Football Championship Subdivision) level as Illinois State, Indiana State, Missouri State, UNI and Southern Illinois play in the nine-member Missouri Valley Football Conference (with North Dakota State, South Dakota State, Western Illinois and Youngstown State). That league competed as the Gateway Conference from 1985-2007. Drake plays non-scholarship football in the Pioneer Football League.

This season, the league will conduct its 101st outdoor track and field championship, its 94th tennis championship, its 58th baseball tournament, and its 74th golf championship for the men. Those programs, plus other current sponsored sports of cross country (53 years), indoor track (45), soccer (21) and swimming and diving (18), have helped solidify The Valley as one of the nation's most respected conferences.

Athletic accomplishments include four NCAA national basketball championships, 16 trips to the NCAA Final Four, a 1989 national baseball championship and 19 College World Series qualifiers. The league owns a total of 30 post-season national team championships, including Wichita State's men's basketball NIT title in 2011. In 2001, Missouri State added to The Valley women's accomplishments, as the Lady Bears advanced to the Women's Basketball Final Four in St. Louis. Creighton (2004) and Missouri State (2005) have claimed national championships (WNIT) in women's basketball, while MSU also has a 1992 NCAA Women's Final Four appearance, and Creighton (2003), Drake (1999) and Illinois State (2009) have made semifinal trips to the WNIT postseason tournament.

Indeed, the inclusion of women's programs under The Valley banner has provided a boost. The Gateway Collegiate Athletic Conference -- which began in 1982 -- merged with the Missouri Valley Conference and was unveiled as part of the new conference on July 1, 1992.

The Valley began honoring that tradition in the summer of 1997, when the conference began its athletics Hall of Fame. Hersey Hawkins of Bradley, Larry Bird of Indiana State, Wes Unseld of Louisville, Coach Henry Iba of Oklahoma State, Dave Stallworth of Wichita State, Ed Macauley of Saint Louis, and Oscar Robertson of Cincinnati were members of the initial induction class. Currently, nearly 70 former players, coaches and alums dot the league's Hall of Fame.

The Valley has also produced national-caliber student-athletes. In 2001, Missouri State's Jackie Stiles became the first Valley woman to earn the Honda-Broderick Cup, given to the nation's top female collegiate student-athlete. In the sport of

track and field, Indiana State's Holli Hyche captured seven national sprint titles in the early 1990s, Southern Illinois' Darrin Plab won back-to-back NCAA outdoor high jump titles in 1991 and 1992, SIU's Brittany Riley became the World record holder in the weight throw in 2007, and Kylie Hutson of Indiana State swept both the indoor and outdoor pole vault titles in 2009 and in 2010.

In the fall of 1997, Creighton's Johnny Torres was named the collegiate male soccer player of the year for a second-straight year, while SMU's Luchi Gonzalez (2001) and Tulsa's Ryan Pore (2004) have also earned a National Player of the Year honor in men's soccer.

Meanwhile league member Wichita State has produced three national collegiate players of the year in baseball, including Joe Carter (1981), Phil Stephenson (1982) and Darren Dreifort (1993).

League members include Bradley, Creighton, Drake, Evansville, Illinois State, Indiana State, Missouri State, Northern Iowa, Southern Illinois, and Wichita State. Central Arkansas and Southern Illinois-Edwardsville are affiliate members in men's soccer.

2012 NCAA QUALIFYING INFORMATION

Following the 2012 State Farm Missouri Valley Conference Outdoor Track & Field Championships, the conference's elite student-athletes will participate in the NCAA Preliminary Championships with the goal of advancing to the 2012 NCAA Division I Outdoor Track & Field Championships. Jacksonville, Fla., will host the East preliminary round and Austin, Texas, will host the West preliminary round May 24-26. The NCAA Division I Outdoor Track & Field Championships take place June 6-9 at Drake Stadium in Des Moines, Iowa.

Qualification to the Preliminary Championship Competition of the Championships is based on the descending order list for the season, segregated by east and west sites, and prepared solely from the mandatory submission of meet results during the season and adhering to the qualifying regulations. For each individual event contested at each of the Preliminary Championship Competition, the top 48 declared student-athletes will be accepted into the competition. For each relay event contested at each of the Preliminary Championship Competition, the top 24 declared relay teams will be accepted into the competition.

The Heptathlon and Decathlon events are not contested at the Preliminary Championship Competition. Qualification to the championships in these two events is accomplished through a competitor's position on the national descending order list. The top 24 declared student-athletes in each of these two events will be accepted into the national championships.

The championship qualifying procedure allows for a field size of 24 in all individual and relay events at the Final Championship Competition. Qualifying to the Final Championship Competition is accomplished through performance in the Preliminary Championship Competition at each site for events contested at those competitions. Twelve competitors from each individual event and 12 teams from each relay event advance from each Preliminary Championship Competition site to the Final Championship Competition. Qualification, through competition in an event at a Preliminary Championship Competition, is required to participate in that event at the Final Championship Competition.
